ABOUT OUR SHOW PROGRAM:

Circulation. We produce thousands of show programs. The program will be inserted in every issue of our local paper, the Glastonbury Citizen. The program is also placed in selected business locations in advance of the show, and then widely distributed at the show.

Production and File Formats. Note that we use Adobe InDesign, Adobe Photoshop and Microsoft Word in the production of the Show Program. You may provide your ad to us in PDF file format with embedded fonts or as high resolution (300 dpi) TIF or JPG files. AVOID BMP OR GIF files which do not reproduce well in print.

Photos and line art. Please note that the show program is printed in black and white. Be sure that any photos or half-tone type used in your ad have sufficient contrast to reproduce well.

Business Card Ads. Business cards provided for scanning in the show program are converted to black, white, and shades of gray. Embossed or very small type on cards does always scan well in which case the type will be reset matching your original as closely as possible.

Photography to be scanned. If you are sending us photography to be scanned and inserted into your hard copy ad, indicate the exact cropping, if any, that is required or we will exercise our best judgment.

Submission of Ad. Email your ad to info@GlastonburyArts.org or mail your ad via CD to Glastonbury Arts, P. O. Box 304, Glastonbury CT 06033.
