OVERVIEW OF THE SHOW: Every year, historic Hubbard Green in Glastonbury is transformed into an open-air gallery of original fine art and handmade craft. Over 100 exhibitors from across the country travel to Glastonbury to show and sell their latest creations. As visitors stroll through shaded aisles, they discover realistic and abstract art in oil, watercolor, pastel, photography, graphics, drawing, mixed media, and sculpture. Visitors will also find a diverse selection of jewelry and handcrafted treasures made from clay, metal, glass, fiber, and wood.
